AUTOPSY SERVICES

MEDICAL AUTOPSY: Complete medical autopsy by board certified pathologists. This service provides an opinion of proximate cause and manner of death to families and professionals.

FORENSIC AUTOPSY: Complete forensic autopsy by board certified forensic pathologists with sound and impartial forensic medical documentation for criminal and civil litigation.

NEUROLOGICAL ANALYSIS: Complete neurological study to determine or confirm diseases relating to neurological and psychiatric disorders such as; Alzheimer's disease, Huntington chorea, Parkinson's disease, and a number of other neurological disorders. All tissue diagnoses are confirmed by review of clinical records and a comprehensive neuropathological examination.

MEDICAL INVESTIGATION: Objective investigation of death and injury, for civil, criminal, and insurance matters. Medical Investigators are available 24 hours a day.

Northwest Autopsy Services specializes in providing the autopsy needs of families and professionals. Our services include complete autopsy and death investigation services, and specialized analysis. We understand the emotion families go through during times surrounding the death of a family member and can provide possible answers to many questions that can arise. Our experience is extensive with the public and private sector, involving traumatic, unexplained, and natural deaths. Our professional staff has conducted over 15,000 autopsies in the past twenty years.

The professionalism and experience our service offers provides you with objective and thorough medical documentation.

Our services include:

- Forensic Autopsy
- Neurological Analysis
- Medical Investigations
- Forensic Consultations
- Technical Assisting
- Grief Counseling
- 24/7 availability

OTHER SERVICES AVAILABLE

FORENSIC CONSULTATION: Complete consultation service in all phases of forensic pathology. NAS provides objective forensic medical documentation and testimony for criminal and civil litigation.

FORENSIC TECHNICIAN SERVICES: NAS provides experienced forensic technicians to assist clinical and forensic pathologists during autopsy.

AUTOPSY FACILITY: When an autopsy can not be performed where the decedent is located (funeral home), NAS can provide a specialized autopsy facility, and transportation of the decedent.

GRIEF COUNSELING: A Registered Counselor is available to assist in understanding the emotional aspects of a death. Compassionate understanding provides the basis of accepting a sudden or unexpected death.

Northwest Autopsy Services focus is to provide a diversified professional service for families and professionals with quality, timeliness, compassion, and understanding to our clients.
